Hi John: Hope all is well with you. I know you sent me copies of the maps and other material per my request. Unfortunately I can't find them in my emails (I must have accidentally deleted it) and I wanted to share them with Dave Smith who is working on the special case of the Santa Cruz River. Could you

please resend them? Dave is also trying to come down and meet with all the partners to see what data you all do have and I know he would be interested in your work.
